ASSOCIATION**

Handbook of Rules & Regulations

Adopted by the Board of Directors on July 12, 2007

(Revised by Board action on 12/20/2023, rev 09/18/2024, rev 05/21/2025, rev 9/16/2026)

PREFACE

This handbook contains the Rules & Regulations governing members of the San Ignacio Heights Homeowners Association (Association) which have been approved by the Board of Directors (Board). The goal is to maintain your community as a first-class Association and provide residents with common sense guidelines for living together as neighbors. A successful Association is a community of homeowners who exhibit a pride of ownership and share a common vision as to what constitutes a desirable neighborhood.

Membership in the Association runs with the property. Each owner of property within the community is bound by the governing documents of the Association, which include the Declaration of Conditions, Covenants and Restrictions (Declaration) (CC&Rs), By-laws, Articles of Incorporation and Arizona law. Owners who oppose a particular rule or regulation are asked to keep the following points in mind:

- 1) Living in an Association means one must adhere to certain rules and regulations due to the necessity for architectural conformity and the demands of the Declaration, which exist for the benefit of your community and help maintain property values.
- 2) You have the right to petition the Association to change a regulation if you feel that a particular regulation no longer applies or is unduly restrictive of the majority.
- 3) If you are found in violation and are fined, remember this action is taken because the majority of the owners in the Association consider it to be just and proper.
- 4) Effective Rules & Regulations require the cooperation of all residents of the Association. The best approach to resolving a difference with a neighbor is to talk to your neighbor directly. However, should this not resolve the problem, an official complaint can be filed with the Association.

These Rules and Regulations do not supersede or change the CC&R's or By-laws in any manner, but they are equally enforceable under law. These rules are derived from the CC&R's and By-laws and are intended to reiterate and clarify the essence of the rules contained in those documents. The Board of Directors shall have the power and authority to adopt, amend or repeal administrative rules and regulations from time to time.

To the extent that the provisions of applicable Federal, State and Local law and the Declaration or the Rules and Regulations are in conflict, the provisions of applicable law shall first control followed by the provisions of the Declaration, the By-laws and the Rules and Regulations, in that order.

According to the By-laws, the purpose of the Association is to "Adopt and publish rules and regulations governing the use of the Common Grounds and the personal conduct of the members and their guests on the Common Grounds." (Article VII, Section 7.01) Additionally it is the duty of the Board of Directors to "Develop guidelines and regulations for establishing fines or assessing penalties for violations of the Declaration." (Article VII, Section 7.0.2)

When you bought property and moved into the Association, you agreed to acknowledge that the Declaration, Bylaws, Policies, and Rules & Regulations of the Association constitute a contract between the Association and you. Non-compliance can lead to activation of the enforcement policy. Each resident's cooperation and participation is encouraged. This is your Association and these are your rules.

ENFORCEMENT POLICY AND SCHEDULE OF FINES

(Approved - 12/20/2023)

- A. The following enforcement policy and schedule of fines have been established by the Board in order to enforce compliance with the CC&R's, By-laws, Arizona law, and Rules and Regulations as adopted.
- B. Enforcement of violations of the Governing Documents shall be conducted upon the receipt of a completed Violation Complaint form, submitted by a Homeowner, or by the Compliance Committee based on observations during regular community inspections.
- C. Whenever anyone wants to report a possible violation or non-compliance to the Governing Documents, the report must be in writing and signed, on the approved Violation Complaint Form, and delivered by mail, email or by hand to the Board. The Board will not consider any complaint that is not submitted in writing and signed. An email complaint is not considered "written & signed" unless a properly completed Violation Complaint Form is attached. The Board will act on the issue using the following procedure:
- The Board (or the Compliance Chair, at the direction of the Board) shall investigate the written report and all the circumstances concerning it. The Board (or the Compliance Chair) may enlist the assistance of one or more Board members or other owners to investigate and, if appropriate, validate a violation. If the Board (or the Compliance Chair) determines that a violation exists, a letter will be sent to the owner. The letter may be sent by postal service or email.
 - **First notification of violation (non-compliance)** – A courtesy letter will be sent to the owner requesting that the violation be corrected within twenty-one (21) days. Further, the letter will offer the owner twenty-one (21) days to respond in writing regarding the alleged violation. Within ten (10) days of receipt of the owner's response, the Board will consider the owner's statement and respond with either a dismissal of the complaint, granting of an exemption, or proceeding with the next notification of violation.
 - **Second notification of violation (non-compliance)** – If the violation is not corrected after twenty-one (21) days, a second letter will be mailed to the homeowner outlining the schedule of fines with an invitation to meet with the Board in a Hearing at the next regular or Special Board meeting to explain the reason for the violation. The Hearing before the Board will be held in Executive Session unless the owner requests the hearing take place in an open meeting. After the owner meets with the Board, the owner will be notified in writing of its decision. If the owner does not request a hearing prior to the date of the specified Board meeting, they shall be deemed to have waived their right to a hearing and the Board may proceed with further enforcement action.
 - **Third notification of violation (non-compliance):** The third notification will impose a fine according to the Schedule of Fines. If the owner's response is unsatisfactory even after the imposition of a monetary penalty, the Board may impose additional or continuing fines until such time as the matter is satisfactorily resolved.

- For severe violations, at the sole discretion of the Board, no warning letter will be sent and the owner will be requested to appear before the Board.

D. Schedule of Fines

First Offense (3rd warning letter) \$ 100.00

Recurring Offense (same issue) \$ 200.00

Infractions that continue will be subject to review and fine assessment by the Board each month for each continuing violation. The payment of any costs incurred by the Association to enforce regulations or collect fines will be the responsibility of the owner.

It is the sole responsibility of the owner to inform his/her tenant(s) and guests of all rules and regulations. The owner is responsible for any damages or violations caused by his/her tenants or guests.

- E. If a compliance requires interpretation of or a definition within the governing documents, said interpretation or definition shall be referred to the Board for consideration at an open meeting of the Board. Board action to interpret or define shall be considered an amendment to the Rules and Regulations and shall not conflict with or amend the CC&R's.
