over into the Roads fund. An explanation of the 2022 budget was provided, and attention brought to the rationale behind increases and decreases in budgeted amounts. The 2022 Budget was approved **(M/S/P)** as was the Treasurer's Report **(M/S/P)**. A full copy of Lexie's Treasurer's Report is attached.

GROUNDS AND LANDSCAPING COMMITTEE REPORT - Phil Pitts.

- John Plantz and Andy Miller were introduced as members of the Roads Committee.
- There was a question raised about "substandard repairs" performed by the water company when fixing a water break on Mariquita. The water company claimed the repair was up to standards. The stretch of roadway will be addressed in the engineering report.

BOARD ELECTIONS – the only volunteer to serve on the board was **Denny Skelton**, who was unanimously elected. **M/S/P**

MEMBER PARTICIPATION TIME

- **Chuck Willie** (Manolita Drive) requested a current Resident List. A sign-up sheet to get an updated list was created.
- **Keith Siebers** (Circulo de la Pinata) commented on the recent article in the Green Valley News about an HOA Firewise review program. The Grounds & Landscaping Committee will see that we get on the list.

- **Margaret Pellar** (Constancia) raised the issue of the missing light at the entrance to the HOA (Desert Jewel and Camino del Sol). **Chuck Willie** explained that the light circuit is controlled by the San Ignacio Golf Course. They are aware of the issue and there appears to be a problem with the circuit. The issue was raised about the possibility of solar lights.
- **Sally Carney** (Mariquita Street) suggested motion sensitive lighting.
- **Jeff Bruce** (Mariquita Street) raised questions about:
 - the golf course's responsibility for the lighting
 - the use of double-axle garbage trucks on our aging roads. Don confirmed that neither Republic or Titan use double-axle trucks for regular pickups. The one seen might have been for a special pickup or using our main road from another HOA.
- **Greg Raveaux** (Anastacia Court) raised the issues of the parking outside of garages and barking dogs.
- **John Wahlberg** (Emelita Drive) asked for the rules on parking in driveways and the parking of RV's. Don Julien read the appropriate CC&R's to the membership.
- **Hugh Bell** (Mariquita Street) requested further clarification on the issue of driveway parking.
- **Ginny Skelton** (Anastacia Court) asked if there was an increase in dues coming next year. Don Julien explained that we did not raise dues this year, with the roads funding still in question. An increase would not have contributed significantly to the roads fund and the Board felt that a dues increase followed by an assessment could be a financial blow. Our current dues sustain the HOA activities without tapping existing savings.
- **Tom Kane** (Emelita Drive) raised questions about road funding. He stated that there had been a \$500 assessment many ears ago that was to be used for resurfacing. Al Loomis explained that the funds in Savings are dedicated to roads maintenance and repair. Some have been used for sealcoating and repairs, whiled the bulk of it is still available. The concern, however, is that the existing funds will most likely not be enough to cover expected maintenance/replacement.

REMINDERS:

- Sign up sheet for those interested in getting an updated roster available on the front table.
- **John Plantz**, the new Landscaping Chair, reminded members that Common Ground Maintenance/Residential Landscaping Request Forms and the Resident/Absent Information Forms were also available in the front.
